SmartInventory

Plan, Organize, and Proliferate the value of your Fiber / FTTx Network assets

- ✓ Up your inventory utilization by **25%**
- ✓ Create a digital twin of your entire network
- ✓ Create, visualize, and update inventory details from anywhere, any time
- ✓ Access real-time view of the utilization of network assets.

SmartPlanner

Ultimate Solution for Elaborate FTTx and Fiber Network Planning and Projections.

- ✓ Automated network planning based on diverse parameters for FTTx
- ✓ Precise & automated solution for strategic, high-level, and detailed Fiber Network planning.
- ✓ User-configurable & DevOps compliant for flexibility.

SmartOPS

Maximize your workforce potential with innovative workforce management

- ✓ Improve in Field Force Productivity by **30-40%**
- ✓ Reduce MTTR by **25-35%**
- ✓ Capture Demand Points and Optimize Networks
- ✓ Gain unparalleled control over field operations, minimizing delays and maximizing productivity

SmartSQ

Check the Feasibility of Onboarding new Subscribers to your network

- ✓ Reduce Field Survey for Fiber Feasibility by **85%**
- ✓ Improve Lead to Cash Cycle by **90%**
- ✓ Evaluate the feasibility of adding a wireless or wireline customers by eliminating tedious field surveys.
- ✓ Get centralized bulk feasibility visualization

rfMAP[®]

Highly accurate digital maps for wireless network planning and deployment

- ✓ Available in 3D, 2.5D, and 2D
- ✓ Improve RF planning
- ✓ Highly precise data visualization
- ✓ Military-grade accuracy

NEO360

A Geo-Analytics Tool Tailormade for Telcos

- ✓ Reduce OPEX by **40%**
- ✓ Save Network Capacity upto **30%**
- ✓ Aggregate scattered telco data points on a single platform and eliminate silos
- ✓ Unify telco data and gain actionable insights to improve service delivery for users

ABOUT LEPTON

Lepton Software is a leader in Location Intelligence, Map Data, and Geospatial consulting. With over **30 years** of experience spanning various industries including Telecom, FMCG, Logistics & Transportation, Government, Retail, IT, Automotive, and more, we have solidified our position as a leader worldwide. Our pioneering efforts have been instrumental in bringing digital maps to India.

Today, Lepton's telco solutions have a significant impact on the management of over a '**Billion**' telco subscribers on a global scale.
